

Career Exploration

Partners in Employment offers this service to individuals who are unclear about what type of work they want to do or what types of work are available in their community.

The staff at Partners in Employment will put their knowledge of the local labour market to work for your client. All of our facilitators are residents of the area and connected to their communities. This puts them in a great position to provide quality, up-to-date information, services, and resources for job seekers.

Your client will spend up to 10 hours with an Employment Facilitator to explore various types of employment utilizing a variety of methods.

- Analyzing in-depth job descriptions.
- Identifying what types of education and training are available locally.
- Learning how to get financial support for education and training as well as identifying sources of financial aid.
- Observing careers on-site determining if the position is, in fact, a suitable option.
- Holding Information sessions with persons currently employed in the chosen career field.

The expected outcomes for your client includes:

- Enabling the client to make a well-informed decision as to a realistic career fit.
- Identifying potentially satisfying long-term occupations.
- Discovering educational and training resources that can help your client get the skills they need, to get the job they want.
- Targeting only companies that are a match for their career plans.

The cost of the Career Exploration Package is only \$750.00.
